Top 3 Issues:

Servia says: "The most important issues to address in our district are quality of life concerns. These issues include: - **traffic and flooding relief**, - **public safety matters**, - **economic redevelopment** along our main corridors, - attracting jobs that provide a living wage, and - getting answers for our Bayshore residents on the pollution that has plagued the old high school site for decades. Summary Comments:

Misty Servia has a long record of community service and was endorsed by Robin DiSabatino, and is heavily supported by developers. Accordingly she supports projects like Aqua by the Bay.

Melton Little also has long served in the community. It's difficult for our voters to find positions he holds but we can look at the party positions for a likely clue. So he looks unlikely to protect our freedoms or our tax dollars.

Plus it is alarming to see "A grievance committee of the Florida Bar...found "probable cause" that Lakin, and Palmetto attorneys **Melton Little** and Scott Kallins **violated rules of professional conduct.**" <http://www.news-journalonline.com/news/20170709/attorney-asks-to-withdraw-from-frank-bybee-case>

TPM makes no endorsement in this race.
